Calicut Medical College PO, Kerala, India – 673 008.

Tel: 0495-2356781 Email: govtdcc@gmail.com Website: www.gdckozhikode.in

## COVID JAGRATHA COMMITTEE

Covid Jagratha Committee has been constituted under the guidelines of KUHS to ensure the safety of students amidst the Covid 19 pandemic. The committee monitors the situation in college and ensures that the updated protocols are followed.

### **ACTIVITIES OF COVID JAGRATHA COMMITTEE**

The college responded proactively to the ongoing Covid-19 pandemic. The outgoing interns were transported to their respective home towns in the college bus and the same mode was used to bring the new intern batch to the college. This was done under strict Covid protocol. The junior residents and interns were divided into clusters and each group was allocated varying duties including Covid swab collection in Dental college swab centre, Medical College casualty, triage, ward, and at Kozhikode railway station. As per government circular when the classes resumed in January 2021, the students were brought back to the college in a phased manner after ensuring that they were Covid negative. All the staffs and students were given timely vaccinations. Theory classes were conducted in the online mode and for practical classes students were divided into small groups. Preclinical and clinical activities of the College are continuously monitored by the Infection Control Committee of the college.
